SUMMARY

I work where California energy codes become software. At NORESCO I lead full-stack Title 24, Part 6 prescriptive compliance tooling, the XSD ruleset underneath public and private tools, and the data systems CASE / CEC / CPUC use. Independently I am the creator of Wattly, Title 24 BEM and compliance software that is prepared and not yet public.

EXPERIENCE

NORESCO

2019 – Present

Senior Energy Analyst (2024–present) · Energy Analyst III (2021–2024) · Energy Analyst II (2019–2021)

Software

- Lead a development team on a full-stack web app for Title 24 Part 6 prescriptive compliance.
- SQL warehouse of public and private CA compliance-software data.
- XSD ruleset used as shared infrastructure across compliance tools.
- Secure API for large-scale building data.

Codes & stakeholders

- CEC, local government, IOUs, CPUC Codes & Standards.
- Reach Code support for local governments.
- CASE SME, 2022 / 2025 / 2028 cycles.

EnergySoft

2014 – 2019

Energy Analyst (2015–2019) · Intern (2014–2015)

- Apple Park and other nonresidential energy models.
- EnergyPro LCCA; consultant management.

SELECTED WORK

- **Wattly** — Independent creator. Title 24 BEM / compliance (performance + prescriptive). Prepared, not public.
- **Prescriptive compliance web app** — Lead, NORESCO. Employer work.
- **Compliance data + XSD infrastructure** — Developer / maintainer, NORESCO. Employer work.
- **NRCC-LTS form tool** — Personal. Public source; no longer hosted. Source: [GitHub](#)

TALKS & PUBLICATIONS

- CABEC 2026 (upcoming) — “AI for Energy Consultants.” [cabec.org/conference2026](#)
- CalBEM 2025 — “Capturing the Value of BEM Data for Policy and Programs” (Power Talk).
- ACEEE Summer Study 2024 — “21st Century Compliance: Data-Driven Solutions for Decarbonization and Equity” (Blair, Marver).
- CABEC 2024 — California Energy Code compliance software framework.
- CABEC 2022 — What’s new with the 2022 Nonresidential energy code.
- CEC briefing — Commissioner McAllister technical staff, NORESCO compliance database (no recording).

EDUCATION

- B.S. Computer Science — Colorado State University
- B.S. Energy Management and Design — Sonoma State University
