Summary

I build software for California energy codes. At NORESO I lead a team of developers and subject matter experts building Title 24 Part 6 prescriptive compliance software, plus a data pipeline and schema used to inform future energy-code policy. I am the founder of Wattly, Title 24 BEM and compliance software releasing in private beta.

Experience

NORESCO

2019 to present

Senior Energy Analyst, 2024 to present. Energy Analyst III, 2021 to 2024. Energy Analyst II, 2019 to 2021.

Software

- Lead an interdisciplinary team of software developers and subject matter experts to build Virtual Compliance Assistant, used to demonstrate California Title 24 Part 6 prescriptive compliance, digitizing hand-filled paper forms and fragmented tools.
- Built and maintain a data pipeline and schema used to inform future policy decisions for building energy codes.
- XSD ruleset shared across compliance tools.
- Secure API for large-scale building data.

Codes and stakeholders

- CEC, local government, IOUs, CPUC Codes and Standards.
- Reach Code support for local governments.
- CASE SME for the 2022, 2025, and 2028 cycles.

EnergySoft

2014 to 2019

Energy Analyst, 2015 to 2019. Intern, 2014 to 2015.

- Apple Park and other nonresidential energy models.
- EnergyPro LCCA. Consultant management.

Selected work

- Wattly. Founder. Title 24 BEM and compliance, performance and prescriptive. Releasing in private beta.
- Virtual Compliance Assistant. Lead, NORESO.
- Compliance data. Developer and maintainer, NORESO.

Talks and publications

- CABEC 2026, upcoming. AI for Energy Consultants. cabec.org/conference2026
- CalBEM 2025. Capturing the Value of BEM Data for Policy and Programs, Power Talk.
- ACEEE Summer Study 2024. 21st Century Compliance: Data-Driven Solutions for Decarbonization and Equity, Blair and Marver.
- CABEC 2024. California Energy Code compliance software framework.
- CABEC 2022. What is new with the 2022 Nonresidential energy code.
- CEC briefing. Commissioner McAllister technical staff on the NORESO compliance database. No recording.

Education

- B.S. Computer Science, Colorado State University
- B.S. Energy Management and Design, Sonoma State University

Skills

Software: JavaScript, React, Python, C#, .NET, MySQL, PostgreSQL, Azure, AWS, Git, Django.
