Summary

Full-stack developer with 12 years building California energy-code software. I lead a team of developers and subject matter experts on Title 24 Part 6 prescriptive compliance software, plus a data pipeline and schema used to inform future energy-code policy. I am the founder of Wattly, releasing in private beta.

Looking for software roles where energy-code domain knowledge is useful on the job.

Experience

NORESCO

2019 to present

Senior Energy Analyst, 2024 to present. Energy Analyst III, 2021 to 2024. Energy Analyst II, 2019 to 2021.

- Lead an interdisciplinary team of software developers and subject matter experts to build Virtual Compliance Assistant, used to demonstrate California Title 24 Part 6 prescriptive compliance, digitizing hand-filled paper forms and fragmented tools.
- Built and maintain a data pipeline and schema used to inform future policy decisions for building energy codes.
- Develop and maintain the XSD ruleset used by public and private CA compliance tools.
- Build a secure API for large-scale building-data transfer.
- Work with CEC, local governments, IOUs, and CPUC Codes and Standards. Support Reach Codes. CASE SME for the 2022, 2025, and 2028 cycles.

EnergySoft

2014 to 2019

Energy Analyst, 2015 to 2019. Intern, 2014 to 2015.

- Energy models for projects including Apple Park.
- Nonresidential life-cycle cost analysis in EnergyPro. Managed consultants.

Selected work

- Wattly. Founder. Title 24 BEM and compliance software for California, performance and prescriptive. Releasing in private beta.
- Virtual Compliance Assistant. Lead at NORESCO.
- Compliance data. Developer and maintainer, NORESCO.

Talks and publications

- CABEC 2026, upcoming. AI for Energy Consultants. cabec.org/conference2026
- CalBEM 2025 Power Talk. Capturing the Value of BEM Data for Policy and Programs.
- ACEEE Summer Study 2024. 21st Century Compliance: Data-Driven Solutions for Decarbonization and Equity, with Sally Blair and Jill Marver.
- CABEC 2024. California Energy Code compliance software framework.
- CABEC 2022. What is new with the 2022 Nonresidential energy code.

Education

- B.S. Computer Science, Colorado State University
- B.S. Energy Management and Design, Sonoma State University
